Providing Feedback on Documentation

We always welcome comments and feedback on the quality of our documentation including online help files and handbooks. If you have any comments, feedback or suggestions regarding the module help file, this handbook (PDF file) or any other aspect of our documentation, please email:

publications@educationsoftwaresolutions.co.uk

Please ensure that you include the module name, version and aspect of documentation on which you are commenting.

Post 16 Data Preparation Check List for the School Census Autumn 2022 Return

Use this check list to tick off each of the preparation tasks when they have been completed.

Complete	Description
<input type="checkbox"/>	Upgrade to the SIMS 2022 Summer Release (7.206) or later.
<input type="checkbox"/>	Ensure that Maths and English GCSE are recorded for Maths and English GCSE please refer to the <i>Processing Results and Calculating PI Data in Exams and SIMS</i> handbook).
<input type="checkbox"/>	Ensure that Maths and English GCSE Prior Attainment (i.e. grade achieved) is recorded for each student in year 12 and above (please see <i>Recording External Exam Results for Prior Attainment</i> on page 5).
<input type="checkbox"/>	To ensure that the correct Prior Attainment information is collected in the return: <ul style="list-style-type: none"> Check that all Prior Attainment data has been updated for 2022/2023 (please see <i>Updating Prior Attainment for 2022/2023</i> on page 27) Correct Maths and English highest grades for 2021/2022, if required (please see <i>Correcting 2021/2022 Prior Attainment for Resubmitting in the Autumn Census</i> on page 7).
<input type="checkbox"/>	Check that Census View is set as the Default for Course Browse (please see Checking the Default for Course Browse on page 9).
<input type="checkbox"/>	Check the appropriate default course durations are set up (please see <i>Checking Default Course Durations</i> on page 9).
<input type="checkbox"/>	Check that the Earliest Year Taught In for Completion Management is set to Curriculum Year 11 or above (please see <i>Checking the Earliest Year Taught In for Completion Management</i> on page 10).
<input type="checkbox"/>	Check that the appropriate default completion and continuity tolerance are set up (please see <i>Checking Default Completion and Continuity Tolerance</i> on page 11).
<input type="checkbox"/>	Check the default course duration and tolerances by level (please see <i>Checking the Default Course Duration and Tolerances by Level</i> on page 12).
<input type="checkbox"/>	Run the Bulk Update of course end dates routine to remove August end dates (please see <i>Running the Remove August End Dates Routine</i> on page 14).
<input type="checkbox"/>	Run the Bulk Update of course end date routine using completion tolerance to reset status (please see <i>Running the Using Completion Tolerance to Reset Status Routine</i> on page 14).
<input type="checkbox"/>	Record leavers and update course membership (please see <i>Recording Leavers and Updating Course Memberships</i> on page 15).
<input type="checkbox"/>	Check that the Learning Aim withdrawal reason has been recorded to explain why the student is leaving the learning aim before the expected end date (please see <i>Checking Membership and Results</i> on page 36). Ensure that the Learning Aim withdrawal reason is also recorded for any Leavers (please see <i>Recording Leavers</i> on page 16).

Complete	Description
<input type="checkbox"/>	Check that the Core Learning Aim has been set for students, where applicable (please see <i>Checking Core Learning Aims</i> on page 19).
<input type="checkbox"/>	Update Funding and Monitoring details as required by the DfE (please see <i>Updating Funding and Monitoring</i> on page 25).
<input type="checkbox"/>	Download the QAN catalogue from the DfE QAN website (https://collectdata.education.gov.uk/qwsweb/default.aspx) and imported into SIMS in September <u>before</u> starting the School Census Autumn 2022 Return (please see <i>Importing Catalogue Files</i> on page 29).
<input type="checkbox"/>	Ensure the required QANs and Discount Codes are available for selection in Course Manager (please see <i>Updating QANs and Discount Codes for Course Manager</i> on page 31).
<input type="checkbox"/>	Check course duration for individual courses (please see <i>Checking the Course Duration for an Individual Course</i> on page 33).
<input type="checkbox"/>	Check that there is only one award associated with each course (please see <i>Checking Examination Award Details</i> on page 34).
<input type="checkbox"/>	Select the additional attributes for each course, e.g. the Code , if required, and ensure that the To date is entered for any 'old' codeset (please see <i>Selecting Additional Attributes for a Course</i> on page 35).
<input type="checkbox"/>	If applicable, ensure that the Provider UKPRN (United Kingdom Provider Reference Number) is entered for each Learning Aim (please see <i>Checking Membership and Results</i> on page 36).
<input type="checkbox"/>	Check that the course status is correct, e.g. Withdrawn and Transferred (please see <i>Checking Membership and Results</i> on page 36).
<input type="checkbox"/>	Ensure that traineeships are indicated where applicable (please see <i>Indicating Traineeships</i> on page 38).
<input type="checkbox"/>	Ensure all Work Placements are recorded (please see <i>Work Placements</i> on page 44).
<input type="checkbox"/>	To ensure that the correct Post 16 programmes of study information is collected in the return: <ul style="list-style-type: none"> Check that programmes of study information has been recorded for the 2022/2023 academic year (please see <i>Maintaining Post 16 Programmes of Study</i> on page 46). Correct planned hours for 2021/2022, if required (please see <i>Correcting 2021/2022 Planned Hours</i> on page 7).
<input type="checkbox"/>	Check that employment information for Post 16 students has been added, where applicable (please see <i>Recording Post 16 Employment Information</i> on page 52).
<input type="checkbox"/>	Use the Edit PI Data routine to ensure that non-EDI exam information for prior attainment is available in School Census (please see <i>Managing Non-EDI Exam Information</i> on page 56).

About this Guide

This Preparation Guide has been produced to help identify the most common Post 16 tasks that need to be carried out before running the School Census Autumn 2022 Return.

The guide is applicable to English maintained Secondary/middle deemed Secondary and All-Through schools, Pupil Referral Units, CTCs and Academies that have sixth form students.

For information about preparation tasks outside of the Post 16 area, please refer to the *Preparing for the School Census Autumn 2022 (English Secondary/Middle deemed Secondary schools)* guide. The preparation guide, together with other useful School Census documentation, is available from the SIMS **Documentation Centre** (accessed via the **Documentation** button, which is located on the top right-hand side of the SIMS Home Page).

NOTE: The contents of the graphics (dates, names, etc.) in this guide are examples only of what you might expect to see when using SIMS to prepare for the forthcoming School Census return.

About Post 16 Learning Aims

Schools with a Sixth Form are required to provide details about Learning Aims once a year in the School Census Autumn Return.

The return collects information about Learning Aims that were undertaken during the academic year 2021/2022 as well as those that were started or continued during the academic year 2022/2023. Learning Aims are collected for students taught in Year 12 and above during the Learning Aim collection period (01/08/2021 to 06/10/2022).

Schools must ensure that the Learning Aims submitted in the return are those for which they wish to claim funding. Local Authorities and Academies should refer to the DfE website (<https://www.gov.uk/government/collections/funding-education-for-16-to-19-year-olds>) for relevant information.

What Post 16 Data is Collected?

The following Post 16 information is collected in the School Census Autumn 2022 Return:

- Programme Aim information:
 - Qualification Accreditation Number (QAN) - now known as Qualification Number (QN)
 - Programme Aim key dates:
 - Start Date
 - Planned End Date
 - Actual End Date.
 - Current Status of the Programme Aim, i.e. Completed, Continuing, Withdrawn or Transferred
 - Programme Type, i.e. Study Programme, T Level or T Level Transition
 - Programme Aim Withdrawal Reason
 - Traineeship - an education and training programme.
- Learning Aims information:
 - Qualification Accreditation Number (QAN) - now known as Qualification Number (QN)
 - Discount Code - now known as Subject Classification Code (SCC)
 - Learning Aim key dates:
 - Start Date
 - Planned End Date
 - Actual End Date.
 - Current Status of the Learning Aim, i.e. Completed, Continuing, Withdrawn or Transferred
 - Learning Aim withdrawal reason, e.g. illness, injury, etc. (please see *Recording Leavers* on page 16)
 - Programme Type, i.e. Study Programme, T Level or T Level Transition
 - Core Aim (the primary Learning Aim being undertaken in a student's programme of study)
 - Partner UKPRN - sub-contracting UK partner
 - Traineeship - an education and training programme.
- Work Placement:
 - Start date and end date
 - Hours
 - Internal/External placements
 - Employer ID.
- Planned Qualification Hours and Planned Non-Qualification Hours.
- Maths and English GCSE Prior attainment for each student in year 12 and above for whom Learning Aims are collected.

- Funding and Monitoring:
 - Student in receipt of 16-19 Tuition Fund (code 21)
 - Student repeating Post 16 year (code 22).

NOTE: All Learning Aims are collected regardless of their duration, provided the dates are within the collection period, i.e. from 01/08/2021 to 06/10/2022, except for T Levels from 01/08/2021 to 31/07/2023.

Learning Aims data is collected for students within the following parameters:

For the Previous Academic Year (2021/2022):

Any student, regardless of age, who has been on-roll between the 01/08/2021 and 31/07/2022 who has participated in a Learning Aim whilst in National Curriculum Year 12 or above.

In the Current Academic Year (2022/2023):

Any student, regardless of age, who has been on-roll between the 01/08/2022 and 06/10/2022 (census day) who has participated in a Learning Aim whilst in National Curriculum Year 12 or above.

Dual Registered Students

Funding is only provided to the student's main school and the Learning Aims for dual registered students must be returned by the main school. Subsidiary schools must not submit Learning Aims for dual registered students who are not on-roll at their school.

Setting SIMS Permissions

The following permissions are applicable to users who deal with returns.

Running the Return

To run the return, you must be a member of one of the following user groups in System Manager:

- Returns Manager
- Returns Operator.

Editing and Preparing Data

Users who edit and prepare data must have permissions to access additional areas of SIMS, e.g. student details, school details, etc. These users must be a member of the user groups applicable to the areas they are editing (please see *Where to find More Information about Permissions* on page 4).

Users who edit and prepare Post 16 data must have permissions to access Course Manager and Examinations Organiser. These users must be a member of the following user groups in System Manager:

- Curricular Manager
- Exams Officer.

Permissions Required to Import a Revised Fileset

The Import Fileset functionality enables updates to the Validation Errors Summary and the Summary report (derived from files supplied by the Statutory Body), and detail reports (provided by SIMS) to be imported into SIMS between SIMS releases.

To use the Import Fileset functionality (via **Tools | Setups | Import Fileset**), you must be a member of one of the following user groups in System Manager:

- Returns Manager
- System Manager.

For more information about the Import Fileset functionality, please refer to the applicable preparation guide. To access the SIMS **Documentation Centre**. Click the **Documentation** button located on the top right-hand side of the SIMS **Home Page**.

Where to find More Information about Permissions

Please contact your System Administrator/Manager if you are not sure whether you have the required permissions. For more information, please refer to the *Managing SIMS Users, Groups and Databases* handbook.

The SIMS Permissions spreadsheet describing the numerous permissions available in SIMS is available on the support portal (https://customer.support-ess.com/csm?id=kb_article_view&sysparm_article=KB0036819).

What Version of SIMS is Required?

To run the return, you must have the SIMS 2022 Summer Release (7.206) or later installed.

To check which version of SIMS is installed, open SIMS and then select **Help | About SIMS**. A dialog similar to the one shown in the following graphic is displayed.

The version should read 7.206 or later.

02 | Preparing Data for the Previous Academic Year

Chapter Overview	5
Recording External Exam Results for Prior Attainment	5
Correcting 2021/2022 Prior Attainment for Resubmitting in the Autumn Census	7
Correcting 2021/2022 Planned Hours.....	7
Checking Course Manager Settings	8
Running the Bulk Update Courses Routines	13
Recording Leavers and Updating Course Memberships	15
Event Driven Recording of Learning Aims Status	18
Checking Core Learning Aims.....	19

Chapter Overview

This chapter provides guidance about the tasks that need to be performed to ensure that the Post 16 data for the previous academic year is complete and accurate in time for the forthcoming School Census return on Thursday 6 October 2022.

Recording External Exam Results for Prior Attainment

To calculate Prior Attainment in GCSE Maths and English using exams data, please ensure the applicable steps are carried out.

EDI Results

Ensure that Electronic Data Interchange (EDI) Results have been downloaded and imported into Examinations Organiser for internal candidates before dealing with results for external candidates.

External Results Manual Entry

Examinations Officers can add external examination results achieved at another centre (usually another school) via **Tools | Examinations | External Results Manual Entry** in SIMS. Depending on the QN, a number of fields are populated automatically but exam results must be entered manually. Prior attainments can be entered for students, particularly those joining the Sixth Form who have already achieved GCSE results elsewhere.

External Exam Results

It is possible to include external exam results in a CTF file. This is achieved by selecting the **External Exam Results** check box in the applicable panels via **Tools | Setups | CTF**.

2 Data to be Imported by Default					
Student Basic Details	<input checked="" type="checkbox"/>	Student Address	<input checked="" type="checkbox"/>	Student Contacts	<input checked="" type="checkbox"/>
SEN Information	<input checked="" type="checkbox"/>	Assessment Data	<input checked="" type="checkbox"/>	School History	<input checked="" type="checkbox"/>
Attendance Summary	<input checked="" type="checkbox"/>	Programme of Study(PoS) Assessments	<input checked="" type="checkbox"/>	FSM History	<input checked="" type="checkbox"/>
				Looked After	<input checked="" type="checkbox"/>
				External Exam Results	<input checked="" type="checkbox"/>

3 Data to be Exported by Default					
Student Basic Details	<input checked="" type="checkbox"/>	Student Address	<input checked="" type="checkbox"/>	Student Contacts	<input checked="" type="checkbox"/>
SEN Information	<input checked="" type="checkbox"/>	Assessment Data	<input checked="" type="checkbox"/>	School History	<input checked="" type="checkbox"/>
Attendance Summary	<input checked="" type="checkbox"/>	Include KS1 Tasks/Tests	<input type="checkbox"/>	FSM History	<input checked="" type="checkbox"/>
		Programme of Study(PoS) Assessments	<input checked="" type="checkbox"/>		
Collect Attendance Data From	SIMS Attendance Module				
				Looked After	<input checked="" type="checkbox"/>
				External Exam Results	<input checked="" type="checkbox"/>

IMPORTANT NOTES:

External exam results added via **Tools | Examinations | External Results Manual Entry** in SIMS are not included in the PI calculations.

Any results achieved at another centre that are required for inclusion in the PI calculations must be entered in SIMS via **Tools | Examinations | Edit PI Data** (please see **Managing Performance Indicators** on page 55).

When entering examination results manually, it is not necessary to import the associated basedata. Results cannot be entered for external candidates.

Additional Resources:

Administering and Registering Candidates for Exams handbook (includes information regarding manual entry of external results)

Processing Results and Calculating PI Data in Exams and SIMS handbook (includes information regarding manual entry of external results)

Managing Pupil/Students handbook (includes information regarding the inclusion of external exam results in CTF import and export)

☒ Completed

Correcting 2021/2022 Prior Attainment for Resubmitting in the Autumn Census

Schools can make corrections to the Maths highest grades and English highest grades that were submitted in last year's Autumn School Census. These grades are then re-submitted in the 2022 Autumn School Census.

The **Effective Date** displays the 2021 Autumn census date. This field is read-only.

1. Select **Tools | Statutory Return Tools | Update Prior Attainment** to display the **Update Prior Attainment** page.
2. Select the 2021/2022 **Academic Year** from the drop-down list to display the information collected in last year's Autumn census.

Prior Attainment													
Academic Year		<div>2021/2022</div>											
Effective Date		<div>07/10/2021</div>

Arthur	Steven	13	M	1111176		Single Registrat.	5 - Grade 5	Achieved by end y.	No exemption	5 - Grade 5	Achieved by end year.	5 - Grade 5	No exemption

3. Edit the information in the **Maths Highest Grade** and/or **English Highest Grade** columns, if required.
4. Click the **Save** button.

Correcting 2021/2022 Planned Hours

The Planned Hours for the previous academic year (2021/2022) are included in the Autumn School Census. Schools can make corrections to these planned hours and then re-submit in the 2022 Autumn School Census, if required. This is not applicable to T Levels.

The **Effective Date** displays the previous Autumn census date. This field is read-only.

02| Preparing Data for the Previous Academic Year

1. Select **Tools | Academic Management | Course Manager | Post-16 Programmes of Study** to display the **Maintain Post-16 Programmes of Study** page.
2. Select the 2021 **Autumn Census** from the drop-down list to display the relevant information.

3. Edit the **Qual Hours** and/or **Non-Qual Hrs**, if required.
4. Click the **Save** button.

☒ Completed

Checking Course Manager Settings

The **Update Course Manager Settings** page enables you to specify the default settings that will be used throughout Course Manager. These settings are applied to all courses unless you manually modify the parameters of a specific course from the **Course Details** page (**Tools | Academic Management | Course Manager | Maintain Course**).

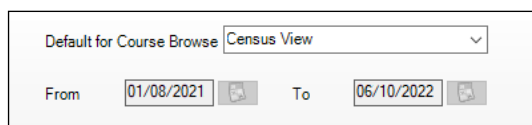

Select **Tools | Academic Management | Course Manager | Course Manager Settings** to display the **Update Course Manager Settings** page.

Level	Default Course Duration	Default Continuity Tolerance	Default Completion Tolerance	Default Qualification Hours	Default Non-Qualification Hours
Advanced Extension Award (AEA)	One Year	Two Weeks	Two Months	0	0
AQA Technicals Level 1 Award (QTAW1)	One Year	Two Weeks	Two Months	0	0
AQA Technicals Level 1 Diploma (QTD11)	One Year	Two Weeks	Two Months	0	0

Checking the Default for Course Browse

Select **Tools | Academic Management | Course Manager | Course Manager Settings** to display the **Update Course Manager Settings** page.

Ensure that **Census View** is selected from the **Default for Course Browse** drop-down list. The **From** and **To** dates are displayed automatically to reflect the your selection.

When you **Search** for courses in the **Find Course** browser (**Tools | Academic Management | Course Manager | Maintain Course**), only courses that have student memberships during this date range are displayed.

☐ Completed

More Information:

Checking the Default Course Duration and Tolerances by Level on page 12
Checking the Course Duration for an Individual Course on page 33

Checking Default Course Durations

Select **Tools | Academic Management | Course Manager | Course Manager Settings** to display the **Update Course Manager Settings** page.

The **Minimum** and **Maximum Course Duration** fields enable you to define the predicted length of time needed to deliver the course material to the students. The **Minimum Course Duration** defaults to **One Year**, the **Maximum Course Duration** defaults to **Two Years**. Both options can be changed to ensure that the expected course duration does not exceed the length of time specified here. The possible lengths of time that you can select for either of these duration settings are: **Less than 2 weeks, 2-24 Weeks, One Year, Two Years, Three Years, Four Years or Five Years**.

The **Default Course Duration** cannot be outside the range defined by the **Minimum** and **Maximum Duration** fields. This is set to **One Year**, by default. Specifying the **Course Duration** makes it easier for you to decide whether to restart a course after the summer holidays as a continuation of the same Learning Aim or to regard the course as a retake with a new Learning Aim associated with it.

The settings specified here are applied to all courses globally. However, you can modify the **Course Duration** within an individual course via **Tools | Academic Management | Course Manager | Maintain Course**, if required.

Checking Discount Results Selection

The **Discount Results** check box is selected by default. This ensures that the exam results calculation includes discounting.

Minimum Course Duration	One Year	Default Course Duration	One Year
Maximum Course Duration	Two Years	Discount Results	<input checked="" type="checkbox"/>
		Planned Hours Threshold	0

Checking Planned Hours Threshold

Planned hours for a programme of study are defined before the start of the academic year. To qualify for funding, Planned Hours must be timetabled within your school's normal working pattern.

Minimum Course Duration	One Year	Default Course Duration	One Year
Maximum Course Duration	Two Years	Discount Results	<input checked="" type="checkbox"/>
		Planned Hours Threshold	0

Enter the number that represents the upper limit of planned hours in the **Planned Hours Threshold** field. This will highlight students with planned hours below the set threshold. The default value for planned hours can also be set via **Tools | Academic Management | Course Manager | Maintain Programmes of Study**.

More Information:

Maintaining Post 16 Programmes of Study on page 46

Checking the Earliest Year Taught In for Completion Management

Select **Tools | Academic Management | Course Manager | Course Manager Settings** to display the **Update Course Manager Settings** page.

The **Earliest YTI for Completion Management** field defaults to Curriculum Year 11. This indicates that students taught in Year 11 and above are subject to management of their course completion.

It is advisable to leave the earliest YTI set to Curriculum Year 11 (or no higher than 11) because students who are taught in Year 11 and above, are subject to monitoring of their course memberships and course memberships for students who are taught in Year 12 and above, have a direct impact on school funding as reported in the School Census.

Default Continuity Tolerance	Two Weeks	Earliest YTI for Completion Management	Curriculum Year 11
Default Completion Tolerance	Two Months		

IMPORTANT NOTE: Courses for students in Year 11 must be ended before the 1 August so that they are not confused with qualifications for Year 12 and above.

Checking Default Completion and Continuity Tolerance

Select **Tools | Academic Management | Course Manager | Course Manager Settings** to display the **Update Course Manager Settings** page.

The **Default Completion Tolerance** field defaults to **Two Months**. The length of time specified here indicates the period of time prior to the expected course completion date that a student can leave a course and still be deemed to have completed the course. For example: If a student completes the course and examinations in June, which is before the Planned End Date at the end of July, this is within the Completion Tolerance of two months. Therefore, the completion status is set to **Completed**.

A default **Status** is assigned via **Curriculum Assignment by Scheme** or via the **Leavers** routine, when a student leaves a course.

The **Default Continuity Tolerance** field defaults to **Two Weeks**. This represents the acceptable length of a 'gap' in course membership, including holidays, which is tolerated before course memberships are deemed to have been discontinued.

For example: If the 'gap' is within the Continuity Tolerance, the course memberships are joined up so that there is no break in membership.

Default Continuity Tolerance	Two Weeks	Earliest YTI for Completion Management	Curriculum Year 11
Default Completion Tolerance	Two Months		

If you wish to change either of the default values, click the applicable down arrow then select from the drop-down list.

The specified **Continuity Tolerance** and **Completion Tolerance** values are applied globally to all courses but can be modified for individual courses on the **Course Details** page (**Tools | Academic Management | Course Manager | Maintain Course**), if required.

Checking the Default Course Duration and Tolerances by Level

Select **Tools | Academic Management | Course Manager | Course Manager Settings** to display the **Update Course Manager Settings** page.

The **Default Course Duration and Tolerances by Level** grid displays the default settings for all the available Levels.

(Values stated above will be used as the default for a Level where the default is not specified below)					
Right click on columns to set the Defaults					
Level	Default Course Duration	Default Continuity Tolerance	Default Completion Tolerance	Default Qualification Hours	Default Non-Qualification
AQA Technicals Level 1 Extended Diploma (QTXD1)	One Year	Two Weeks	Two Months	0	
AQA Technicals Level 1 Subsidiary Diploma (QTS1)	One Year	Two Weeks	Two Months	0	
AQA Technicals Level 2 Award (QTAw2)	One Year	Two Weeks	Two Months	0	
AQA Technicals Level 2 Diploma (QTDi2)	One Year	Two Weeks	Two Months	0	
AQA Technicals Level 2 Extended Diploma (QTXD2)	One Year	Two Weeks	Two Months	0	
AQA Technicals Level 2 Subsidiary Diploma (QTS2)	One Year	Two Weeks	Two Months	0	
AQA Technicals Level 3 Award (QTAw3)	One Year	Two Weeks	Two Months	0	
AQA Technicals Level 3 Diploma (QTDi3)	One Year	Two Weeks	Two Months	0	

Edits can be made to settings for individual levels, if required.

1. Click the applicable cell in the **Default Course Duration**, **Default Continuity Tolerance** or **Default Completion Tolerance** column then select an alternative setting from the drop-down list.
2. To reset the level settings back to the default setting, right-click the applicable column heading then click the **Set Default as** option.

IMPORTANT NOTE: If you want to collectively change the default setting in the **Default Course Duration**, **Default Continuity Tolerance** or **Default Completion Tolerance** column, you must right-click the applicable column heading before saving the data.

If you click the **Save** button before setting the defaults, the **Default Course Duration and Tolerances by Level** panel will not correctly reflect the defaults specified in the **Settings** panel.

3. Click the applicable cell in the **Default Qualification Hours** or **Default Non-Qualification Hours** column then enter the required number.

When new Levels are added, you are prompted to revisit the default settings to ensure that they are applicable to the new Levels.

It is also suggested that you manually set the **Default Course Duration** for GCSEs to **Two Years** in length, i.e. for Years 10 and 11, and then change individual Post 16 courses to 1 year, as appropriate, e.g. Maths GCSE for 6th form is 1 year.

4. Click the **Save** button to apply your changes.

☐ Completed

Checking Course Manager Settings on page 8

Checking the Course Duration for an Individual Course on page 33

Starting Next Year's Timetable Early

If you start next year's curriculum early in your school, this will have an impact on class and course memberships. If this year's student scheme memberships finish at the end of the Summer term, they need to be terminated at the date that the new timetable begins. This should be done to prevent old, as well as new students from appearing in class lists.

Schemes exist for the whole academic year, even if classes and student class memberships within the scheme have end dates before the end of the academic year, unless it was anticipated during the Summer that schemes would finish earlier. If it was not anticipated that the 2021/2022 timetable would finish early and existing memberships need to be adjusted, this should be done before making the new assignments.

Where you want to show students as being in next year's classes, i.e. Year 12 students in Year 13 classes, you should consider the following:

- Class and course memberships for 2021/2022 should finish on the correct date.
- The curriculum plan and timetable should be transferred from Nova for the next academic year.
- Students should be assigned to classes and courses for June/July.

If an early commencement of the next year's timetable results in an early start to courses, the affected courses should be recorded as such in Course Manager. This ensures that the Learning Aims are collected accurately in the School Census.

For example: If Year 11 students finish their exams early then they start their Year 12 course 1 June and continue the course in September, the course will last more than 12 months. It is possible to record the period from the start of the course (in this example June) to the start of the new academic year (September) as an **Introductory Session** with a level of **Other**.

Information regarding financial schemes in England to support 16 to 19 year olds can be found on the DfE website (<https://www.gov.uk/government/collections/funding-education-for-16-to-19-year-olds>).

Running the Bulk Update Courses Routines

Select **Tools | Academic Management | Course Manager | Bulk Update Courses** to display the **Bulk Update Courses** page. This page is separated into two routines:

- **Remove August or September End Dates**
- **Use Completion Tolerance to Reset Status**

Both of these routines enable you to retrospectively correct historical data that may have been defined incorrectly.

Before running either **Bulk Update** routine, it is suggested that you click the associated **Report** button to view an html report detailing the classes that will be corrected and the changes that will be made.

Running the Remove August End Dates Routine

If schools in England have inadvertently set the end date for classes to a date in August or September, this incorrect date becomes the membership planned end date for courses. This will generate errors in the School Census return. To prevent this becoming an annual problem that requires manual intervention, it is possible to run the Remove August or September End Dates bulk update routine to change the dates to 31 July.

Running the Remove August or September End Dates routine performs the following actions within the parameters of **If Start Date is before August and Planned End Date is in August or September**:

- **Set Planned End Date to 31st July**
- **If Actual End Date exists set to 31st July**
- **Adjusts class end dates in line**
- **If a Status exists, remove it**
- **Reports on the changes made.**

Click the **Execute** button to run the routine and update the classes.

When the process is complete, a report is generated automatically. To view the changes that have been made, compare this report with the report run before updating the classes.

 **Completed**

Running the Using Completion Tolerance to Reset Status Routine

Running the **Use Completion Tolerance to Reset Status** routine performs the following actions:

- **Set Planned End Date to Actual End Date**
- **Adjusts class end dates in line**
- **If a Status exists, remove it**
- **Reports on the changes made.**

Click the **Execute** button to run the routine and update the status for classes.

Use Completion Tolerance to Reset Status

This report will show the changes that will be made if this Update is executed 

The Execute Bulk Update routine performs the following:

- Set Planned End Date to Actual End Date
- Adjusts class end dates in line
- If a Status exists, remove it
- Reports on the changes made

When the process is complete, a report is generated automatically. To view the changes that have been made, compare this report with the report run before updating the status for classes.

Recording Leavers and Updating Course Memberships

The facility to record leavers enables accurate records to be kept of students after they have left the school. Applicable students, e.g. Year 13, should be marked as leavers as part of the end of year routine.

IMPORTANT NOTES: It is essential that you do not record leavers by removing their date of admission as this affects all historical data relating to that student.

If someone who was a leaver subsequently returns, please ensure that you re-admit them – do not remove their date of leaving because this also affects the history (unless they had a date of leaving, but did not actually leave, i.e. they changed their mind).

To enable the automatic procedures to help you with course completion information for Post 16 students, it is necessary to consider when to make use of the Leavers routine. Some schools will have left the course completion date as the default date when all classes finish. Such a date is not correct for many Post 16 students who will finish the course and leave the school some weeks before the rest of the school finishes for the year. If you make use of the Leavers routine in advance of the students actually leaving, SIMS deals with this problem for you.

The end date for the course will be set in line with this 'expected' leaving date and when the School Census is run, the courses will be interpreted as having been completed.

If the Leavers routine is run after the students have actually left, and the course end date was in the future, SIMS updates course membership in accordance with the Completion Tolerance, e.g. if the student's leaving date and the course end date are within the Completion Tolerance, SIMS entered a status of complete.

*Update Course Memberships should be run (via **Tools | Academic Management | Course Manager | Update Course Memberships**) before moving the system to the new academic year and should be run again after moving to the new academic year, once class information is in place. Update Course Membership is an Academic Management routine and like other routines in this area, it is academic year based. If you forget to run Update Course Memberships before moving to the new year, you can easily solve the problem by going back to the old year and running Update Course Membership.*

Similarly, if you forget to run Update Course Memberships, as soon as class information is in place, you can run it in the new academic year. However, you should be aware that course membership is much like other group membership, and courses are set active or inactive at the start of the day, depending on what membership they have at the start of the day. So, if you do not run Update Course Memberships until the actual day of the census, the courses will remain set to inactive until the next day. Active and inactive is only a display parameter, but it could cause unnecessary confusion on census day.

To ensure that information required for the School Census is accurate and up-to-date, it is recommended that you check that all leavers have at least the minimum statutory information recorded before making them a leaver, e.g. ethnicity, first language, etc.

Recording Leavers

1. Select **Routines | Student | Leavers** to display the **Find Student(s)** browser.

2. Search for the required student then double-click their name to display the **Manage Student(s) Leaving Details** page.
 - If you want to assign the status of **Leaver** to a group of students at once, specify their **Year Group** or **Reg Group** then click the **Search** button. Highlight the required student names by using the **Ctrl, Shift** and **Down Arrow** keys then click the **Select** button. This populates the **Students** panel with the selected students' names.
 - If you wish to assign the status of **Leaver** to all the students at once, click the down-arrow on the **Select** button and choose **All**. This populates the **Students** panel with all the students' names.

3. In the **Leaving Information** panel, enter the student's **Date of Leaving** or click the **Calendar** button then select the required date.

4. Select the **Reason for leaving** from the drop-down list, e.g. **Normal leaving age - Higher education institutions**.
5. Enter the **Destination after Leaving**, if known.
6. Specify the **Destination Institution**, if known.
 - a. Click the **Browse** button (adjacent to the **Destination Institution** field) to display the **School Browse** dialog.
 - b. **Search** for and then select the relevant institution. Alternatively, click the **New** button to add a new institution.
 - c. Click the **OK** button(s) to return to the **Leaving Information** panel.
 - d. Use the **Assign to All** or **Assign to Selected** options, as required.
7. Enter the **Destination Expected Start Date** (or select the relevant date from the Calendar), then use the **Assign to All** or **Assign to Selected** options, as required.
8. If the student is a child deemed missing in education, select the **Grounds for Removal** from the drop-down list, e.g. **E - Distance**, then use the **Assign to All** or **Assign to Selected** options, as applicable.

IMPORTANT NOTE: To comply with the Children Missing in Education legislation, schools are required to record this information for all students on leaving the school.

9. Select the **Learning Aim Withdrawal Reason** from the drop-down list, e.g. **Other Provider**.

NOTE: The reason for withdrawing from a Learning Aim is collected in the Autumn Return for any Learning Aim with the status of **Withdrawn**.

10. Click the **Assign to All** button or **Assign to Selected** button, as applicable.

Name	Year Gr	Date of Admission	Date of Leaving	Reason for Leaving	Destination	Institution	Ex
Aaron, Chris	10	/09/2019					Remove Clear

11. Click the **Save** button.

*TIPS: To remove a student from the **Students** list, highlight their record, then click the **Remove** button.*

*To correct details enter in error, highlight the applicable student, then click the **Clear** button. This remove the details drawn from the **Leaving Information** panel for the selected student only. Re-enter the information as required.*

*The **Learning Aim Reason** column remains populated after clicking the **Clear** button. However, the data is updated automatically if a different reason is selected and assigned.*

☐ Completed

Updating Course Memberships

When the Update Course Memberships routine is run outside the Completion Tolerance, if SIMS detects that a course membership is terminating prematurely, the original end date is displayed in the **P End Date** (planned end date) column in the **Members** panel on the **Course Details** page (via **Tools | Academic Management | Course Manager | Maintain Course**). The completion **Status** is not populated automatically, because it will not be possible to determine whether the termination should be regarded as withdrawn or transferred. The completion **Status** must be selected manually. A yellow background indicates that a value has been omitted. When School Census is run, a validation error is generated if the value is missing.

This routine should always be run when any changes to class memberships are made.

1. Select **Tools | Academic Management | Course Manager | Update Course Memberships** to display the following message:
Update course membership can take a long time. Do you wish to proceed?
2. Click the **Yes** button to start the Update Course Membership routine.

☐ Completed

Event Driven Recording of Learning Aims Status

The **Earliest YTI for Completion Management** also controls the appearance of the **New Learning Aims** dialog when manually modifying a student membership. For example: if a student drops a class or course the **Course Membership(s)** dialog is displayed, enabling you to view the suggested completion **Status**.

1. Select **Focus | Student | Curriculum Assignment by Student** or **Focus | School | Academic Structure | Curriculum Assignment by Student** to display the **Find Student for Curriculum Assignment** browser.
2. Search for, then select the required student to display the **Select Effective Date Range** dialog.
3. Specify the required date range criteria then click the **OK** button to display the student's **Schemes**.
4. Right-click on the **Scheme** that is affected by the change and select **Open Details** to display the **Historical Curriculum Membership Details** dialog.
5. Drag the orange timeline for the affected class to the required end date and click the **OK** button.
6. Click the **Save** button on the **Student Curriculum Summary** page to display the **Course Membership(s)** dialog.
7. Right-click in the **Status** column and select the appropriate option from the drop-down list:
 - if the student's class membership ended within the Completion Tolerance specified for the course, the **Status** defaults to **Completed**.
 - if the student's class membership ended outside of the Completion Tolerance specified for the course, the **Status** defaults to **Withdrawn** and the **Learning Aim Withdrawal Reason** must be entered.
 - if the student has swapped to a different class that is associated with the same course but still within the Completion Tolerance specified for the course, the **Status** is unaffected.
 - if the student transfers to a completely different course, the **Status** defaults to **Transferred**.
8. Click the **OK** button to return to the **Student Curriculum Summary** page.

NOTES: It is possible to extend class memberships within the specified Course Duration only. For example, class memberships cannot continue for two years if the Course Duration is only for one year. If a student's class membership is amended in Academic Management, their course memberships are updated automatically without the need to run the Update Course Memberships routine manually.

☐ Completed

Checking Core Learning Aims

The School Census Autumn 2022 Return requires that the core aim is identified for each year where a vocational Education and Skills Funding Agency (ESFA) study programme is being followed.

The core aim is the substantive vocational learning aim being undertaken in a student's program of study.

NOTES: If a student is following an academic programme, a core aim does not need to be identified.

T Level programmes must have the technical qualification as the core aim.

T Level transition programmes will have specific learning aims (prefixed with ZTPR), which will identify the appropriate T level route. This aim will always be the core aim of a transition programme.

It is possible to have a different core aim for 2021/2022 than for 2022/2023. Course Manager allows only one course of study per student to be flagged as a core aim per academic year. If the student is enrolled on a two-year course, you must flag the second year of study as a core aim when the academic year changes.

However, there are certain unusual circumstances where more than one core aim is allowed, e.g. where a student has a two-year course and a one-year course. In the first year their core aim is the one-year course and in the second year their core aim is the second year of the two-year course.

first year of a two-year course	second year of a two-year course
One-year course	Core Aim
Core Aim	

The additional core aims can be entered directly into the **Learning Aims** panel (via **Routines | Statutory Returns | School Census**).

Editing a Core Learning Aim via the Student Courses Page

1. Select **Focus | Student | Courses** to display the **Find Student** browser, then **Search** for the required student.

Name	Year Group	YTI	Reg. Group	House	Gender	Admission Number
Baker, Alexandra	12	12	K	Fleming	Female	004672
Baker, Fiona	8	8	8D	Newton	Female	005410
Baker, Jade	12	12	M	Newton	Female	004673
Baker, Jordan	11	11	11F	Boyle	Male	004831

2. Highlight the required student, then click the **Open** button to display the **Student Courses** page.

3. Select **Previous Academic Year** from the **Student Courses** drop-down list.
4. Highlight the second node of the tree structure, which describes the required course you want to set as a core aim.
5. Right-click the highlighted course description then select **Set Core Learning Aim** from the pop-up menu. Alternatively, click the **Set Core Aim** button.

Student Courses: Previous Academic Year

Planned Qualification Hours: 912 Planned Non-Qualification Hours: 36

 - School Census Activity: OT Other

To remove an Existing Core Learning Aim:

If you want to remove the **(Core Learning Aim)** flag from a course of study, highlight the course details, right-click, then select **Unset Core Learning Aim** from the pop-up menu.

Alternatively, highlight the details of an alternative course of study, then click the **Set Core Aim** button. This action removes the Core Learning Aim flag from the original course of study and flags the newly selected course as the **(Core Learning Aim)**.

 **Completed**

Editing a Core Learning Aim via the Memberships and Results Panel

1. Select **Tools | Academic Management | Course Manager | Maintain Course** to display the **Find Course** browser, then **Search** for the required course.

IMPORTANT NOTE: Core aims are academic year based, so if the default of **Census View** is selected in the **Find Course** browser, the **Core Aims** column is not displayed. This is because the **From** and **To** date range for the **Census View** spans two academic years.

If you want to view or edit the core aims data in the **Memberships and Results** panel (**Core Aim** column), ensure that either **Current Academic Year** or **Previous Academic Year** is selected from the **View Memberships** drop-down list.

4. Indicate which students have this course as their core aim.
 - To change the core aim for multiple students, right-click any cell in the **Core Aim** column then select **Set this course as Core Aim for all these students** from the pop-up menu.
This assigns the core aim flag to all students in year 12 and above in a single academic year.
 - To change the core aim for an individual student, click the required cell in the **Core Aim** column. A tick is displayed in the cell.
If a core aim already exists for this student in the academic year specified, a warning message is displayed. Click the **Yes** button to change the core aim or the **No** button to cancel the process.

To Remove an Existing Core Learning Aim

1. In the **Core Aim** column, click the cell relating to the applicable student's name.
A message warns you that you are removing the core aim for one or more students.
2. Click the **Yes** button to remove the core aim(s) or the **No** button to cancel the process.

Chapter Overview

This chapter provides guidance about the tasks that need to be performed to ensure that the Post 16 data for the current academic year is complete and accurate in time for the forthcoming School Census.

Updating Funding and Monitoring

The pupil level Update Funding and Monitoring functionality is provided to enable schools to record aspects of the Education Recovery Package.

From 1 August 2022 schools should record tutoring that was delivered via any of the following National Tutoring Programme (NTP) delivery routes:

- tuition partners
- academic mentors
- school-led tutoring.

In the previous academic year school-led tutoring only was collected.

More information about the National Tutoring Programme is available on the GOV.UK website <https://www.gov.uk/government/publications/national-tutoring-programme-ntp>.

The information can be recorded via the **Tools** menu and maintained at any time during the academic year.

The information required is based on individual students:

- Student in receipt of tutoring programme: Applicable to all schools (except Nursery schools), with the appropriate year groups or age groups, i.e. pre-16. For students in National Curriculum Year Actual 1 to 11, or aged 5 to 15 as at 31/08/2022 in National Curriculum Year Actual 'X' for special schools. (Funding and Monitoring code = **01.**)
- Student in receipt of 16 to 19 tuition fund: Applicable to Secondary, All-Through and Pupil Referral Units or Alternative Provision schools with a sixth form. For students in National Curriculum Year Actual 12 and above with current single registration (**C**) or current main dual registration (**M**). Pupil Referral Units or Alternative Provision for any student with the following enrolment status: **C, M, F** or **O**. (Funding and Monitoring code = **21.**)
- Student repeating up to one full year of 16 to 19 funded provision: Applicable to Secondary, All-Through and Pupil Referral Units or Alternative Provision schools with a sixth form. For students in National Curriculum Year Actual 12 and above with current single registration (**C**) or current main dual registration (**M**). Pupil Referral Units or Alternative Provision for any student with the following enrolment status: **C, M, F** or **O**. (Funding and Monitoring code = **22.**)

1. Select **Tools | Statutory Return Tools | Update Funding and Monitoring** to display the **Update Funding and Monitoring** page.

The 2022/2023 Academic Year is displayed for on-roll students and leavers from 01/08/2022 to 31/07/2023.

Read-only Student information is displayed in the columns on the left-hand side of the panel. This information is displayed as at the system date.

Cells with a white background are editable.

2. In the **Students View** panel, select **16+** from the **Age at** drop-down list. In addition, a variety of other filters can be specified, if required. The contents of the **Students** panel changes to reflect the options selected.
3. Right-click anywhere in the **16-19 Tuition Fund** column, then select the required option from the pop-up menu.

If most or all of the students have been receiving tuition funding, select the **Check All** option.

Any students who have not been receiving school-led tutoring can then be deselected by clicking the **16-19 Tuition Fund** cell adjacent to their name.

4. Specify which students are **Repeating Post-16 Year** by right-clicking anywhere in the column, then selecting the required option from the pop-up menu.

Bulk or Individual entry can be achieved using the same method as described for 16-19 tuition funding.

Where **Repeating Post-16 Year** has been ticked for a Year 13 and above student, a completed programme and an additional continuing programme is reported.

If a Year 12 student is repeating their Post 16 year, the **Starting New Programme** column is activated.

5. Specify which Year 12 students are **Starting New Programme** by right-clicking anywhere in the column, then selecting the required option from the pop-up menu.

Where **Repeating Post-16 Year** has been ticked for a Year 12 student and **Starting New Programme** has also been ticked, the XML return file will report a completed programme and an additional continuing programme.

Where **Repeating Post-16 Year** has been ticked for a Year 12 student and **Starting New Programme** is not ticked, a continuing programme is reported.

6. Enter **Notes**, if required. This information is for your school's use and is not collected in the census.
7. Click the **Save** button and then click **OK** to return to the **Census Return Details** page.

IMPORTANT NOTE: All validation errors (red cells) must be resolved before saving the data.

DfE guidance about Learner funding and monitoring (FAM) is available on the GOV.UK website (<https://www.gov.uk/guidance/complete-the-school-census/data-items-2022-to-2023>).

Updating Prior Attainment for 2022/2023

The following 2022/2023 information is collected for the Autumn School Census:

- Maths Highest Grade
- Maths Prior Attainment
- Maths Funding Exemption
- English Language or English Language/Literature Highest Grade
- English Language or English Language/Literature Prior Attainment
- English Language or English Language/Literature Funding Exemption.

03| Preparing Data for the Current Academic Year

The **Update Prior Attainment** page displays information about students who are in or were in year taught in 12+ (01/08/2021 to 06/10/2022).

The **Effective Date** displays the 2022 Autumn census date. This field is read-only.

1. Select **Tools | Statutory Return Tools | Update Prior Attainment** to display the **Update Prior Attainment** page.

2. Ensure that the 2022/2023 is selected from the **Academic Year** drop-down list.
3. Click the **Populate from Exams** button to display the **Update Prior Attainment** dialog.

Update Prior Attainment

1) Prior Attainment data will be copied forward from last year.

2) Exam results will take precedence over any other data.

3) Manual edits will be preserved if neither of the above apply.

Are you sure you want to continue?

Yes No Cancel

4. If you want to continue, click the **Yes** button to populate/update the **Prior Attainment** grid.
 - Prior attainment data is then copied forward from last year.
 - Exam results take precedence over any other data.
 - Manual edits are preserved if neither of the two previous points apply.
5. The **Populate Data From Exams** dialog confirms that data has been populated from Exams. Click the **OK** button.
6. Edit the information, if required.
7. Click the **Save** button.

The **Update Prior Attainment** page for 2022/2023 displays the following:

- English Language Highest Grade is displayed to show the relationship with English Language Prior Attainment (but is not included in the return).
- English Lang/Lit Highest Grade is displayed showing the relationship to English Funding Exemption.

Surname	Forename	YTI	English Lang Highest Gr.	English Lang Prior Attainment	English Lang/Lit Highest Gr.	English Funding Exemption
Andrews	Jasmine	12	2 - Grade 2	Not achieved	5 - Grade 5	No exemption
Arkwrightson	Cheryl	12	4 - Grade 4	Achieved by end year 11	4 - Grade 4	No exemption
Anton	Tiger	12	7 - Grade 7	Achieved by end year 11	7 - Grade 7	No exemption
Ariano	Pietro	12	2 - Grade 2	Not achieved	4 - Grade 4	No exemption
Arkwrightson	Robert	(13)	6 - Grade 6	Achieved by end year 11	6 - Grade 6	No exemption

The DfE uses the English GCSE Prior Attainment achievement values of **Achieved by end of year 11**, **Achieved since year 11** and **Not achieved** for what they refer to as 'block 2' funding. However, for the purposes of this funding, achievement of prior attainment in English must be taken to mean achievement of English Language GCSE prior attainment; it must not take account of English Literature GCSE. Therefore, the DfE has changed its CBDS (Common Basic Data Set) for this item to refer to English Language rather than English.

The DfE has pointed out that both English Language and English Literature remain relevant for the 'condition of funding' (<https://www.gov.uk/guidance/16-to-19-funding-maths-and-english-condition-of-funding>).

More Information:

Correcting 2021/2022 Prior Attainment for Resubmitting in the Autumn Census on page 7

Importing Catalogue Files

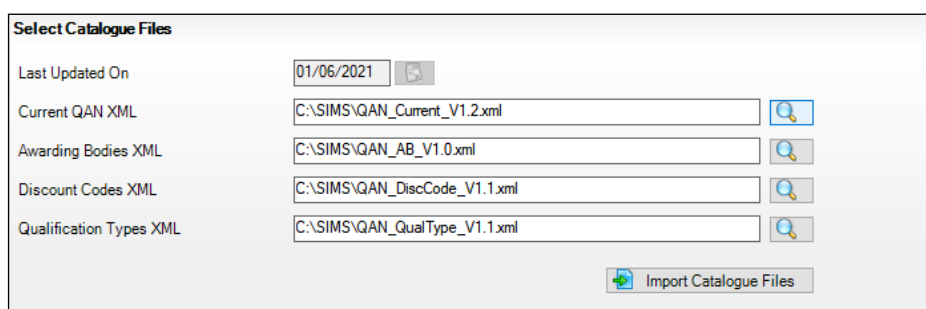

It is recommended that the DfE Qualification Data catalogue is downloaded from the DfE QAN website

(<https://collectdata.education.gov.uk/qwsweb/default.aspx>) and imported into SIMS in September (when the courses are being set up) and before starting the School Census Autumn 2022 Return (06/10/2022).

The qualification data is applicable to all Learning Aims without a result or basedata supplied by the exam Awarding Organisation or Body including new courses and completed school assessed Learning Aims.

03| Preparing Data for the Current Academic Year

1. Download the latest **Generic QAN data** files from the DfE QAN website to a folder of your choice. The following four files only are required:
 - Current QAN XML
 - Discount Codes XML
 - Awarding Bodies XML
 - Qualification Types XML.
2. In SIMS, select **Tools | Examinations | Import Qualification Data**. A confirmation dialog is displayed.
3. Click the **OK** button to confirm that the downloaded data you are about to import is up-to-date. The **Import Qualification Data** page is displayed.
4. In the **Select Catalogue Files** panel, click the **Browser** button adjacent to each file name field then navigate to the stored location of the applicable file.
5. Select the required XML file then click the **Open** button to return to the **Select Catalogue Files** panel where the selected file name is displayed.

6. Click the **Import Catalogue Files** button.

Provided that you have selected the correct file name for each file type, the files are automatically imported in the correct order. This may take some time.

When the files have imported successfully, an **Activity Log** is displayed confirming which files have been imported.

7. Click the **Close** button to return to the **Import Qualification Data** page.
8. You can click the **Print** button to print a copy of the file names and locations for future reference.

When you next open the **Import Qualification Data** page, the **Last Updated On** field displays the date of the most recent import.

Updating QANs and Discount Codes for Course Manager

Once the up to date QWS QAN catalogues have been imported into Course Manager, specific QANs and QAN Discount Codes must be activated to ensure that they are available for selection.

1. Select **Tools | Academic Management | Course Manager | Update QANs and Discount Codes for Course Manager** to display the **Update QANs and Discount Codes for Course Manager** page.

2. Specify the QAN search criteria by selecting from the **Board** and **Level** drop-down lists. Alternatively, enter all or part of the QAN's **Containing Title** or **QAN** code.

- Click the **Search Title** button.

Add Remove

QAN	Title	Discount Code	Subject	Expiry
-----	-------	---------------	---------	--------

- Highlight the required QANs, then click the **Add** button to move the selected item to the lower panel.
- If an item is selected by mistake, highlight it, then click the **Remove** button.
- When you have selected all the required QANs, click the **Update** button.

These items will now be available for use within Course Manager.

NOTE: If items are already available for selection within Course Manager, they are not visible when searching the QAN and Discount Codes catalogue.

The Duplicate QAN report, which displays information regarding students who have a Learning Aim with a status of transferred, withdrawn, completed or continuing, is available by selecting **Tools | Academic Management | Course Manager | Duplicate QAN Report**. For more information, please refer to the *Managing Courses* handbook.

Checking Course Manager Data for the Current Academic Year

1. Select **Tools | Academic Management | Course Manager | Maintain Course** to display the **Find Course** browser.

The screenshot shows the 'Find Course' window. At the top, there are buttons for New, Search, Open, Delete, Print, Browse, Next, Previous, Reset Filters, Update All Course Memberships, and Reconciliation Reports. Below these are search filters: Description, Short Name, Subject (set to <Any>), QAN/Disc Code, Level(s), View Memberships, Census View, From (01/08/2021), To (06/10/2022), and Status (set to <Any>). A table at the bottom lists the following columns: Description, Short Name, Subject, Level, QAN/Disc Code, QAN Expiry, Active Status, Qual Hours, and Non-Qual Hrs.

2. Search for, then select the required course to display the **Course Details** page.

Checking the Course Duration for an Individual Course

The values in the **Duration and Tolerance** panel are inherited from the settings specified in the **Update Course Manager Settings** page (**Tools | Academic Manager | Course Manager | Course Manager Settings**). These values can be changed for an individual course by clicking the respective drop-down list and selecting an alternative value. Any changes made are specific to the course that you are currently viewing.

The date range displayed is inherited from the **Find Course** browser. Select the respective **Calendar** button to change the dates.

The screenshot shows the 'Course Details: Ag/BTD2' window. It has tabs for 1 Duration and Tolerance, 2 Basic, 3 Examination, 4 Classification, 5 Supervisors, 6 Classes, 7 Memberships and Results, and 8 Work Placements. The '1 Duration and Tolerance' tab is active. It shows a date range from 01/08/2021 to 06/10/2022 with a Refresh button. Below this, there are three drop-down menus: Normal Duration (set to One Year), Continuity Tolerance (set to Two Weeks), and Completion Tolerance (set to Two Months).

The **Course Duration** value can be used to determine whether a new class membership should be added to an existing course membership, for the purposes of retakes.

Two-year courses must be set up correctly to ensure that after the completion of year one, the status for students is displayed as **Continuing** to indicate that a result is not expected until after year two of the course is completed.

The **Continuity Tolerance** value can be used to decide whether a single student's memberships should be joined to form a continuous course membership.

The **Completion Tolerance** value enables you to determine if a student leaving their course before the **Planned End Date** is deemed to have a course completion status of **Completed**. This is reflected in the **Memberships and Results** panel of the **Course Details** page.

More Information:

Checking Course Manager Settings on page 8

Checking the Default Course Duration and Tolerances by Level on page 12

Checking Examination Award Details

1. Select **Tools | Academic Management | Course Manager | Maintain Course** to display the **Find Course** browser.
2. Search for, then select the required course to display the **Course Details** page.
3. Select the **Examination** hyperlink to display the **Examination** panel.

Only one award can be associated with a course at a time, so you must determine which of the awards is current.

- Ensure that each award is applicable for the current season.

This can be achieved by checking the **Certification Elements**. The **Certification Elements** panel displays the elements for seasons that are relevant to the highlighted award within the **From** and **To** date range. You may need to expand the **Season** column to view the full season description.

Click anywhere in the certification element row to display the **Element Details** pane to view all related information about the element.

- Add a **To** date to any award that was previously associated with the course but is no longer relevant. These awards should not be deleted, as the history will be lost.

If the date ranges for the awards overlap, the records remain displayed in yellow until the overlap is corrected.

- An explanation of why the award associated with the exam was changed can be entered in the **Reason** column, if required.

Selecting Additional Attributes for a Course

The following codesets are available:

- QCA (Qualification Curriculum Authority)
 - QAN (Qualification Number/Discount Code)
 - DAS Generic QAN (Diploma Aggregation Service - Generic QAN)
 - PPoS (These must be entered manually as there is no pre-defined code list)
 - Provider UKPRN (These must be entered manually as there is no pre-defined code list).
- Select **Tools | Academic Management | Course Manager | Maintain Course** to display the **Find Course** browser.
 - Search for, then select the required course to display the **Course Details** page.
 - Select the **Classification** hyperlink to display the **Classification** panel.
 - Select the appropriate date range for each codeset. If the date ranges for the codesets overlap, the dates must be changed to rectify this.
 - The optional **Reason** field enables you to enter a free text explanation of why the codeset associated with the course was changed.

6. If the codeset(s) displayed is not currently linked to the course, click the **New** button to display the **Select Code** dialog.
 - a. Highlight the required codeset to display a list of related codes in the lower section of the dialog.
 - b. Search for the required code by entering the code number in the **Containing Code** field or by entering some related text in the **Containing Description** field before clicking the **Go** button. The list of related codes displayed is updated to reflect the search criteria entered.
 - c. Highlight the **Code** to be associated with the course then click the **OK** button to return to the **Classification** panel where the 'old' and 'new' codesets are displayed.
 - d. Ensure that a **To** date is entered for the 'old' codeset.

If a code has been added in error, or you wish to change the code associated with the selected course, highlight the existing code and click the **Delete** button.

IMPORTANT NOTE: Deleting a code should be performed with caution. For example, removing a code from an active course has serious implications for the School Census.

7. Repeat Steps 1-4 to add a different code.

 **Completed**

Checking Membership and Results

The QWS QAN is the Qualification Accreditation Number obtained from the DfE QAN website and the AO QAN is the Awarding Organisation QAN imported with the exams basedata from the Awarding Organisation.

If the option to use Examinations Organiser to populate the census is selected and a result exists, the AO Discount Code is collected in the return. If this is not the case, the QWS Discount Code is collected.

1. Select **Tools | Academic Management | Course Manager | Maintain Course** to display the **Find Course** browser.
2. Search for, then select the required course to display the **Course Details** page.

- Click the **Memberships and Results** hyperlink to display the **Memberships and Results** panel.

The details of all the student memberships for the selected course are displayed.

NOTE: If you want to view or edit the core aims data in the **Memberships and Results** panel (**Core Aim** column), you must ensure that you select either the **Current Academic Year** or the **Previous Academic Year** from the **View Memberships** drop-down list in the **Find Course** browser.

If you wish to protect a particular student's membership from changes, ensure that you click the applicable cell in the **Protect** column before you click the **Update All Course Memberships** button on the **Find Course** browser.

New Delete Exception Placement

- Check the current status of each Learning Aim, i.e. **Completed**, **Continuing**, **Withdrawn** and **Transferred**. A yellow cell indicates that the Learning Aims status should be added.

Right-click the **Status** column then select the appropriate option from the drop-down list:

- if the student's class membership ended within the **Completion Tolerance** specified for the course, select a status of **Completed**.
- if the student's class membership ended outside of the **Completion Tolerance** specified for the course, e.g. because they left the school or they are concentrating their time on other course subjects, select a status of **Withdrawn**.
- if the student has swapped to a different class that is associated with the same course but still within the **Completion Tolerance** specified for the course, the status should remain the same.
- if the student transfers to a completely different course, select a status of **Transferred**.

- Select the withdrawal **Reason** from the drop-down list to record why the student is leaving a course or learning aim before the expected end date.

- Where the provider of a course is other than the school, e.g. the school sub-contracts the learning or training for post-16 students to another provider, click the required cell and then select the applicable **Provider UKPRN** (United Kingdom Provider Reference Number) from the drop-down list.
- Click the **Save** button.

Recording Leavers on page 16

Indicating Traineeships

A traineeship is an education and training programme with work experience. Traineeships (designed for 16 to 24 year olds) include the work preparation training, English and/or Maths and the work experience needed to secure an apprenticeship or employment.

In preparation for the Autumn census, ensure that traineeships are indicated, where applicable.

- Select **Tools | Academic Management | Course Manager | Maintain Course** to display the **Find Course** browser.
- Search for, then select the required course to display the **Course Details** page.
- Click the **Memberships and Results** hyperlink to display the **Memberships and Results** panel.

This panel displays the details of all student memberships for the selected course.

- If a student is participating in a traineeship programme, ensure that this is indicated by clicking the **Traineeship** column (located at the right-hand side of the panel) to display a tick.
- Click the **Save** button.

Setting up Courses for T Level

T Level courses include the following compulsory elements:

- A technical qualification includes:
 - Core theory, concepts and skills for an industry area (e.g. Design, Surveying and Planning for Construction)
 - Specialist skills and knowledge for an occupation or career (e.g. Occupational Specialism could be Civil engineering)
 - An industry placement with an employer
 - A minimum standard in Maths and English if students have not already achieved them.
- Industry placements:
 - Every T Level includes an industry placement with an employer focused on developing the practical and technical skills required for the occupation.

These courses last a minimum of 315 hours (approximately 45 days) but can last longer. Employers can offer industry placements as a block, day release or a mix of these.

A course can be set up as a T Level (Level 3) for a specific T Level subject. There is a specific QN code for each core T Level and T Level Occupational Specialism.

The following example shows a course for T Level with a core **Subject** of **Digital Design** and a QN of **60358324/TQ06**.

For more information, please refer to the following DfE websites:

- Introduction of T Levels (<https://www.gov.uk/government/publications/introduction-of-t-levels/introduction-of-t-levels>)
- How to record T Levels (<https://www.gov.uk/government/publications/t-level-funding/record-your-t-level-data-correctly>).

QN's and Discount Codes

Schools must record the new QN reference for students starting Occupational Specialisms from Autumn 2021 onwards. These new QNs all start with 'ZTLOS'. Schools should continue to use the original QN references for students who started Occupational Specialisms in Autumn 2021 until they complete their courses. These QNs will have an approval end date of 31 July 2022 and a certification end date of 31 July 2024.

The following table shows the relevant QN data from the DfE QWS website and some suggestions on how these could be associated with SIMS levels and subject created in SIMS. Although most of this data is relevant only for those schools that will be providing T level programmes from September 2022, the data on work placements may also be relevant for other types of programme.

Setting up Courses for T Level Transition

T Level Transition Programme is a type of 16 to 19 study programme specifically to help students to progress onto a T Level.

T Level transition programmes have specific learning aims (prefixed with ZTPR), which identify the appropriate T level route. This aim will always be the core aim of a transition programme.

Work Placements

A work placement course must be created in order to record Work Placements. The course must have a specific QN code attached for the Information to be reported in the census.

The School Census Autumn Return collects work experience and industry placements using three specific QNs:

- ZWRKX003 – T Level industry placement
- ZWRKX002 – Industry Placement, Capacity and Delivery Fund (CDF)
- ZWRKX001 – 16 to 19 study programme work experience.

Adding the First Work Placement Record for a Student

Adding the first record for one or more students to the **Work Placement** panel is achieved via the **Membership** panel (**Tools | Academic Management | Course Manager | Maintain Course**) by selecting one or more students and clicking the **Placement** button.

Once this button has been used to add an initial work placement record for a student, subsequent records for that student can be added either from the **Membership** panel (via the **Placement** button) or the **Work Placement** panel itself (via the **Add** button).

The initial record does not have to be put in place at an individual level because multiple students can be selected, and the initial record created for all of those that have been selected.

When you select a group of students from the table (shown in the following graphic), clicking the **Placement** button adds rows in the placement table for all rows selected in the **Membership and Results** panel.

New Delete Exception Placement

This is an efficient and safer method of completing this task because groups often start their placements at the same time, and it could be used for second (and subsequent) records where this is true for multiple students.

Finding your way Around the Work Placement Panel

Tools | Academic Management | Course Manager | Maintain Course

The Post 16 Learning Aims are collected once a year only, in the School Census Autumn Return. Learning Aims are collected from the previous year, i.e. any that were active in 2021/2022, and those for the current academic year 2022/2023.

The School Census Autumn Return collects work experience and industry placements using three specific QNs:

- ZWRKX003 – T Level industry placement
- ZWRKX002 – Industry Placement, Capacity and Delivery Fund (CDF)
- ZWRKX001 – 16 to 19 study programme work experience.

A work experience/industry placement QN can have more than one work placement.

Name, YTI, Reg and ULN: Identification of the student for the placement.

Start: Start date for the placement. This should be a date within the student's membership of the course.

End: End date for the placement. This should be a date within the student's membership of the course.

Employment ID and Employer Name: Identification of the employer for the placement. Only the ID is included in the census. Use the employer reference number (ERN) from the Employer Data Service (<https://edrs.education.gov.uk/search/lsc/find.aspx>).

Mode: Whether the placement is external or internal.

NOTES: This is not included in the census but can be useful for identifying any special aspects of the placement, e.g. the employer might not be able to go ahead with the placement (<https://www.gov.uk/guidance/industry-placements>).

Maintaining Post 16 Programmes of Study

Every programme must have a programme aim (ZPROG001) spanning the entire duration of the programme. A Programme can span more than one year.

SIMS populates the School Census automatically with the programme aim QN of ZPROG001 where programme information is recorded in Post-16 Programmes of Study (via **Tools | Academic Management | Course Manager | Post-16 Programmes of Study**). This can be seen in the Post-16 Programmes of Study Detail Report after the Create and Validate process is run.

There are three programme types:

- Study Programme
- T Level Transition
- T Level.

T Levels are a two-year programme and the planned hours must be recorded for the two years (<https://www.gov.uk/guidance/16-to-19-education-funding-guidance>).

The planned hours recorded for T Levels must include:

- the technical qualification
- specialist content
- non-qualification activity.

The planned hours recorded for T Levels must not include:

- maths and English study
- industry placements
- other qualifications that are not required for completion of the T Level.

The annual hours that count towards a course of study are categorised as:

- Qualification - Planned Learning Hours
- or
- Non-Qualification Hours - Planned Employment, Enrichment and Pastoral Hours.

To qualify for funding purposes, Planned Hours must be timetabled within your school's normal working pattern.

More information can be found on the DfE website

(<https://www.gov.uk/guidance/16-to-19-funding-how-it-works#funding-formula-and-study-programmes>).

Calculating Programmes of Study

The list of students displayed on the **Maintain Post-16 Programmes of Study** page displays all post 16 students, including leavers who have an active course membership in the current academic year and/or the previous academic year. All students who could be included in the School Census Autumn 2022 Return are displayed, whether they are studying at year 1 or year 2 of their programme, or have completed their programme of study and left the school in the previous academic year.

Guidance has been added in bold lettering to the top of the grid to reflect this, e.g. **Students with learning aims 01/08/2021 to 31/07/2023**.

The content of the **Core Aim** and **Other Courses** columns include learning aims that span the date range for the current academic year and the previous academic year.

1. Right-click any column header, then select **Select All** from the pop-up menu. Alternatively, select one or more students as required.
2. Click the **Calculate Programmes of Study** button.

A warning message is displayed:

This process will calculate programmes based on learning aims for the selected students.

Existing programme values will not be overwritten.

3. Click the **OK** button to confirm that you wish to continue.
Calculated items are displayed in bold until the changes are saved.

 **Completed**

Recording Planned Hours

Information relating to Programmes of Study for Post 16 student can be recorded, enabling you to submit details of the total Planned Qualification Hours and Planned Non-Qualification Hours in the Autumn School Census.

Planned hours are required for the current academic year and the previous academic year.

1. Select **Tools | Academic Management | Course Manager | Post-16 Programmes of Study** to display the **Maintain Post-16 Programmes of Study** page.

2. Select the required year from the **Autumn Census** drop-down list, if required.
3. The **Effective Date** field defaults to the date of the Autumn School Census selected. This field is read-only.

4. To update the information displayed on the **Maintain Post-16 Programmes of Study** page to reflect the students and the courses they are undertaking, click the **Refresh** button.
All students who could potentially be included in the census, i.e. Year 12 + (including Guests and dual subsidiary student), are displayed.
5. You can also choose to display only those students with **Unassigned hours** by selecting the check box. This enables you to identify students assigned to courses who need to have the **Planned Hours per Year** section completed on the **Course Details** page. If a value of zero has been entered into either of the columns, this value is treated as a blank allocation of hours and is displayed when the **Unassigned hours** check box is selected.
The **Reset Filters** button enables you to restore the default settings.
6. Where you have entered the **Planned Hours per Year** for each individual course of study on the **Course Details** page, these totals are carried through into the **Qual Hours** and **Non-Qual Hours** columns of the **Maintain Post-16 Programmes of Study** page when you click the **Calculate hours from courses** button.
7. Right-click a student's name to display a pop-up menu. You can access their **Student Details** page, their **Student Courses** page or **Select All** the students from this menu.
The **TT Hours** (timetabled hours per week) column enables you to check the accuracy of Planned Hours for a timetabled programme of study.
8. If you want to manually amend the totals for a specific student, highlight their name in the list, click into the **Qual Hours** or the **Non-Qual Hours** column(s) and enter a different total.
9. If you want to manually amend the totals for all the students at once, right-click anywhere in the list, press **Ctrl & A** to **Select All** the students in the list and enter a different total in the **Qual Hours** or the **Non-Qual Hours** column(s). Alternatively, enter a figure in the box adjacent to the green arrow button at the top of either the **Qual Hours** or the **Non-Qual Hours** column(s) to flood fill the entire column with the figure entered. You can also enter a figure in the **Threshold** box, enabling you to check that a student's full-time funding is accurate before it is included in the School Census Return.
The combined hours for each student and their Post 16 Programmes of Study are displayed in the **Total Hours** column. The figure displayed in this column will be shown with a yellow background to indicate that the figure is less than the figure you specified in the **Threshold** box.
You can also enter a brief set of **Notes** to indicate the reason for the manually assigned hours. This will enable you to reconcile and validate your School Census return in conjunction with the **Programmes of Study Report**, accessible from **Routines | Statutory Returns | School Census**.

10. If you want to determine the total **Qual Hours** and **Non-Qual Hours** figures for a student, for all the courses that they are assigned to, based on the information entered on the **Course Details** page, click the **Calculate hours from courses** button. Calculate hours from courses does not include hours from courses which are non-funded (i.e. where **Non Funded** is selected in the **Membership and Results** panel).

IMPORTANT NOTE: Where non-funded memberships have been indicated (via **Tools | Academic Management | Course Manager | Maintain Course**), the calculation of hours from courses, in **Maintain Programmes of Study**, excludes the course hours for those memberships.

Funded memberships, e.g. Maths or English that are being studied as a result of lack of Prior Attainment, are included in the calculated hours from courses. Ensure that these memberships are not marked as **Non Funded**.

If you have selected the **Overwrite existing values** check box before clicking the **Calculate hours from courses** button, the following warning message is displayed:

This process will calculate the planned hours from the courses for the selected students.

Warning: all existing values will be overwritten.

11. Click the **OK** button to continue or click the **Cancel** button to abandon the process.
12. If you want to preserve any existing figures that are present in the **Qual Hours** and **Non-Qual Hours** columns, ensure that the **Overwrite existing values** check box is not selected before you click the **Calculate hours from courses** button. A following message is displayed:
- This process will calculate the planned hours from the courses for the selected students.**
13. Click the **OK** button to collate all the Qualification and Non-Qualification totals that have been specified in the **Planned Hours per Year** section of the **Course Details** page for each course, and populate the respective columns with the cumulative total for each student according to the courses that they are assigned to. Alternatively, click the **Cancel** button to abandon the process.
14. Click the **Save** button.
15. Click the **Report** button to print the **Maintain Post-16 Programmes of Study** page in .html output.

☐ Completed

What features are available to facilitate the completion of the Maintain Post-16 Programmes of Study page?

The following functionality has been provided on the **Maintain Post-16 Programmes of Study** page, which facilitates the manual entry of programme types and their dates:

- Filters that help schools to limit the number of rows displayed in the table (e.g. two year GCE A-Level students) are available at the top of the page.
- Sorting the table by column values by clicking a column heading, e.g. programme **Start Date**.
- Bulk selection of rows and bulk entry values using **Ctrl + click** and **Shift + click**.
- Discarding, removing and transferring of learning aim information
- Adding a new programme.

More Information:

Applying Filters to Limit the Number of Rows Displayed on page 50

Sorting the Table by Column Values on page 51

Selecting and Entering Information in Bulk on page 51

Discarding, Removing and Transferring Programme Aim Information on page 52

Applying Filters to Limit the Number of Rows Displayed

The content of the table can be filtered to display information relating to a single level, therefore reducing the amount of information displayed on screen.

Select the required level from the **Level(s)** drop-down list.

The content of the table then filters to display information relating to the selected level.

It is possible to apply multiple filters to further reduce the content displayed, e.g. you can use a combination of **Level(s)**, **Subject**, **Enrolment Status**, etc.

Sorting the Table by Column Values

The display order of the content of the table can be changed. Any filters applied previously are retained.

1. Click the **Planned End Date** column heading. The up arrow is displayed in the column heading, indicating that the content of the table is in ascending date order (i.e. the earliest date is at the top of the list).

- Click the **Planned End Date** column heading again to change to descending date order (the down arrow is then displayed in the column heading), if required.

The information in the table is then displayed in the selected date order.

Selecting and Entering Information in Bulk

One or more student can be selected enabling single or bulk entry of information. In this example, the Planned End Date for all entries in the table are changed.

1. Click the **Planned End Date** cell of the first person whose date you want to change.
2. To select a block of students, hold down the **Shift** key and click the **Planned End Date** cell of the last student in the block.

Alternatively, to select multiple students who are not displayed consecutively, hold down the **Ctrl** key and click **Planned End Date** cell of the required students.

3. Select the required **Planned End Date** from the Calendar in the drop-down menu of one of the **Planned End Date** cells.

[illegible]

Discarding, Removing and Transferring Programme Aim Information

- **Discarding Programme Aim Information**
To discard all the programme aim information, click the **Reset all Programmes of Study** button.
- **Removing Programme Information**
To remove programme information for selected students, remove their associated programme type.
- **Transferring to Another Programme Type**
To record a programme as a transfer to another type of programme, click the **Transfer Programme** button.

Recording Post 16 Employment Information

You should record employment details for Post 16 students whose Year Taught In is 12 or above.

Full-time employed students are those working eight or more weeks consecutively and for 20 or more hours per week, e.g. school hours. Part-time work (e.g. a weekend or evening work) is not included in the full-time employed hours.

1. Select **Focus | Student | Student Details** to display the **Find Student** browser.
2. Search for, then select the required student to display the **Student Details** page.
3. Click the **Additional Information** hyperlink and then navigate to the **Post-16 Employment** section at the bottom of the **Additional Information** panel.

4. To add a new employment record, click the **New** button to display the **Add Employment Details** dialog.

Alternatively, highlight an existing entry then click the **Open** button to display the **Edit Employment Details** dialog.

5. Select the **Employment Type** from the drop-down list, i.e. **Weekends out of school hours, Weekday(s) out of school hours** or **School Hours**.
6. Enter the **Start Date** of the employment period or click the **Calendar** button then select the required date.
7. Specify the **End Date** of the employment, if applicable.
8. Enter the number of **Hours/Week**, together with any **Notes**.
9. Click the **OK** button to return to the **Student Details** page.
10. Click the **Save** button.

 **Completed**

Managing Performance Indicators	55
Managing Non-EDI Exam Information.....	56
School Census Autumn 2022 Reports.....	59
Where Can I Get More Information	60

Managing Performance Indicators

To ensure a smooth transition between the former process of importing the Performance Measures file and the new process of managing performance indicator details in school, the following check list provides an outline of the necessary actions in the order in which they must be undertaken.

Step No.	Action	Location or Menu Route	Complete
Step 1	Define the new Summer season in Examinations Organiser.	In Examinations Organiser, via Tools School Setup Seasons	<input type="checkbox"/>
Step 2	Download and import the most up-to-date QWS files.	In SIMS, via Tools Examinations Import Qualification Data	<input type="checkbox"/>
Step 3	On the PI Setup page, set the new Summer season as the default PI Summer season and ensure it is unlocked.	In SIMS, via Tools Examinations PI Setup	<input type="checkbox"/>
Step 4	Ensure that the CRD or CKD process has been run for the previous year before cloning QNs.	In SIMS, via Tools Examinations Edit PI	<input type="checkbox"/>
Step 5	Clone the QNs used in the previous year so that they are copied into the new Summer season.	In SIMS, via Tools Examinations PI Setup	<input type="checkbox"/>
Step 6	Search for and delete any QNs that will not be in use this year.	In SIMS, via Tools Examinations Manage Performance Indicator	<input type="checkbox"/>
Step 7	Manually add any additional QNs that will be required for the new season.	In SIMS, via Tools Examinations Manage Performance Indicator	<input type="checkbox"/>

Step No.	Action	Location or Menu Route	Complete
Step 8	Work through the Performance Indicator Details for each QN type and check that the details, point values and entry equivalences are recorded accurately for Key Stage 4 and 16 to 18 year olds for the forthcoming exams season.	In SIMS, via Tools Examinations Manage Performance Indicator	<input type="checkbox"/>
Step 9	Ensure that all qualifications for the 16 to 18 cohort have been assigned to the relevant discount family.	In SIMS, via Tools Examinations Manage Performance Indicator	<input type="checkbox"/>

Processing Results and Calculating PI Data in Exams and SIMS handbook

Managing Non-EDI Exam Information

The Performance Indicator (PI) routines (now available via the **Tools** menu in SIMS) assist with the non-electronic data interchange (EDI) results entry.

To ensure that the non-EDI data is displayed in the School Census **Learning Aims** panel automatically, it must be linked to a course.

1. Select **Tools | Examinations | Edit PI Data** to display a confirmation dialog.
2. Confirm that your QWS QN Catalogue is up-to-date by clicking the **OK** button.
3. If PI cohorts exist, you are asked if you want the system to update the PI cohort memberships. Click the **Yes** or **No** button, as required.

The **Edit PI Data** page is displayed.

4. Select the check box adjacent to the name of the required candidates.

Surname	Forename	YTI	Reg	DOB	ULN	Exam No	PI Cohort	KS4 9-4	KS4 9-1	KS4 Pts	KS4 Avg	KS5 Pts	KS5 Avg	Recalculate
<input checked="" type="checkbox"/>	Abbey	Sean	13	G	29/09/2003	1111176638	4000	2021 Age 16+				40.00	20.00	<input type="checkbox"/>
<input checked="" type="checkbox"/>	Abbey	Sean	13	H	19/09/2003	1111176611	4001	2021 Age 16+				10.00	10.00	<input type="checkbox"/>
<input type="checkbox"/>	Adams	Adam	11	11A	31/08/2006	514235537	6000	2021 KS4	8.00	9.00	47.00	4.70		<input type="checkbox"/>
<input type="checkbox"/>	Adams	Sally	13	K	25/05/2004	1111168236	4005	2021 Age 16+				110.00	36.67	<input type="checkbox"/>
<input type="checkbox"/>	Andrews	Paul	13	L	12/04/2004	1111168198	4008	2021 Age 16+				60.00	30.00	<input type="checkbox"/>

- Click the **Add Results** button to display the **Add Results** dialog.

QN

Subject Course

Level Awarding Body

Title

Grade

Key Stage 4 Equivalence Entry 9-4 9-1

Key Stage 5 Equivalence Entry A*-E

Points Discounted ☐

Surname	Forename	YTI	Reg	Exam No
Able	Cameron	13	G	2001
Ackrington	Robert	13	H	2002

The names of the selected students are displayed in the lower panel, where they can be removed or other students added, if required.

- Enter all or part of the **QN** code (without slashes) to display a list of examination/courses that match the entry.
- Select the required examination/course to populate the **QN** field.
- Click the **Refresh** button to populate the **Subject**, **Level**, **Awarding Body** and exam **Title** fields automatically.

If the course is already linked to a QN/discount code, the **Course** field is populated automatically.

04 | Additional Information

The button name changes from **Refresh** to **Change** and the **QN** field changes to read-only.

The screenshot shows the 'Add Results' dialog box. The QN field is read-only and contains 'WJEC Level 1/Level 2 GCSE in History (50099070)'. The Subject is 'History', Course is 'History (GCSE)', Level is 'GCSE Full Course', and Awarding Body is 'WJEC'. The Title is 'WJEC Level 1/Level 2 GCSE in History'. The Grade is 'A'. Below these are equivalence entry fields for Key Stage 4 and Level 3, a Points field (52), and a Discounted checkbox. At the bottom is a table with columns Surname, Forename, YTI, Reg, and Exam No, containing two rows of student data. Save and Close buttons are at the bottom right.

Surname	Forename	YTI	Reg	Exam No
Ackton	Bill	13	K	1003
Ahmed	Ackmar	13	L	1004

9. Select the **Grade** from the drop-down list. The equivalence entry fields and **Points** field are populated automatically.
10. Select the **Discounted** check box, if applicable.
11. Click the **Save** button then confirm that the details are correct by clicking the **Yes** button.

The data is then available to Performance Indicator, Course Manager and School Census.

The results data entered in the **Add Results** dialog (described in this section) is displayed in the School Census **Learning Aims** panel when the details are calculated/recalculated via **Routines | Statutory Returns | School Census**.

WARNING: Clicking the **Calculate All Details** button overwrites all manual edits.

School Census Autumn 2022 Reports

NOTE: The School Census Autumn 2022 Return must be created and validated before the Summary report or any of the detail reports can be run.

The 2022 Autumn return includes the following Post-16 detail reports:

- Post-16 Programmes of Study
- Post-16 Programmes of Study and Learning Aims report
- Funding and Monitoring report.

For information about other detail reports and the Summary report, please refer to the *Completing the School Census Autumn Return* chapter in the *Producing the School Census Autumn Return* handbook applicable to your school.

Post-16 Programmes of Study Report

Report Criteria: On-roll and leavers in YTI 12+ with learning aims in the School Census Autumn 2022 (01/08/2021 to 06/10/2022) who had an enrolment status of **C** (Current - Single Registration) or **M** (Current Main - Dual Registration).

The report provides information about Planned Qualification Hours and Planned Non-Qualification Hours for the current year (2022/2023) and previous year (2021/2022).

Also displayed are the student's UPN, legal surname, legal forename, year taught in (YTI), full-time employed status and on-roll status.

Definition:

Full-time employed students are those working eight or more weeks consecutively and for 20 or more hours per week. Part-time work (e.g. a weekend or evening work) is not included in the full-time employed hours. T Level Planned Qualification Hours and T Level Planned Non-Qualification Hours are displayed for T level programmes.

*NOTE: To ensure that the total Planned Qualification Hours and Planned Non-Qualification Hours are submitted in the Autumn School Census, information relating to Programmes of Study for Post 16 students should be recorded via **Tools | Academic Management | Course Manager | Post-16 Programmes of Study**.*

Post-16 Programmes of Study and Learning Aims Report

Report Criteria: On-roll students and Leavers in Year 12 or above with Programmes of Study and Learning Aims. Enrolment status of **C** (Current - Single Registration) or **M** (Current Main - Dual Registration).

The report header displays the total students, the total students with programmes of study and the total learning activities.

Each programme for each student is displayed in the report with a light-yellow background. The associated learning aims are displayed with a light blue background below the programme.

The report provides the following information:

- Basic details about the students who match the report criteria: UPN, legal surname, legal forename, date of birth (DOB), gender and year taught in (YTI).
- Post-16 programme of Study and Learning Aims: QAN/Discount, description, programme type, core aim and provider UKPRN.
- Additional information: start date, end date, planned end date, completion status, withdrawal reason, traineeship and on-roll status.

Post-16 Funding and Monitoring Report

Report Criteria: On-roll students and leavers with funding and monitoring information for the collection period 01/08/2022 to 31/07/2023.

The report provides the following student details, and funding and monitoring information: UPN, legal surname, legal forename, date of birth (DOB), gender, Year Taught In (YTI), enrolment status, date of leaving (DOL), funding and monitoring (FAM) type, e.g. NLM (National Learning and Monitoring), funding and monitoring (FAM) code, description, cumulative hours (i.e. all hours of tutoring from 01/08/2022 to 06/10/2022) and on-roll status.

Funding and Monitoring key to codes:

01 = Student in receipt of National Tutoring Programme (NTP)

21 = Student in receipt of 16 to 19 tuition fund

22 = Student is repeating up to one year of 16 to 19 funded provision.

The code(s) displayed in the report vary depending on your school phase.

Where Can I Get More Information

When using SIMS 7, online help is available by pressing **F1** or clicking the applicable **Help** button in SIMS. The SIMS 7 **Documentation Centre** can be accessed by clicking the **Documentation** button located on the top right-hand side of the SIMS **Home Page**.

The SIMS 7 **Documentation Centre** is also available via the support portal (https://customer.support-ess.com/csm?id=kb_article_view&sysparm_article=KB0036819).

SIMS 7 Documentation

In addition to this document, other preparation guides that outlines how to prepare your data for the School Census are available:

- *Preparing for the School Census Autumn 2022 Return (English Secondary/Middle deemed Secondary Schools) guide*
- *Preparing for the School Census Autumn 2022 Return (English All-Through Schools) guide*
- *Preparing for the School Census Autumn 2022 Return (English Pupil Referral Units) guide*

Handbooks outlining how to complete the School Census Autumn 2022 Return are also available:

- *Producing the School Census Autumn 2022 Return (English Secondary/Middle deemed Secondary Schools)* handbook
- *Producing the School Census Autumn 2022 Return (English All-Through Schools)* handbook
- *Producing the School Census Autumn 2022 Return (English Pupil Referral Units)* handbook.

Additional related information can also be found in the following handbooks:

- *Preparing Examinations Organiser for an Exams Season* handbook
- *Administering and Registering Candidates for Exams* handbook
- *Processing Results and Calculating PI Data in Exams and SIMS* handbook
- *Managing Courses* handbook
- *Managing Pupil/Students* handbook.

SIMS 7 Newsfeeds

You are strongly advised to check the following SIMS Newsfeeds because they provide a range of explanatory text, presentations, videos and spreadsheets that you may find useful. These newsfeeds are updated regularly to provide the latest news and answers to enquiries.

The SIMS Newsfeed - Main Hub provides links to all the statutory returns related newsfeeds (https://customer.support-ess.com/csm?id=kb_article_view&sysparm_article=KB0035899):

- SIMS Newsfeed - Hub for England (includes a link to DfE CBDS 2022/23 information)
- SIMS Newsfeed - School Census Autumn 2022 (England) Validations and Solutions.
